Retention and Time to Completion Data Summary

BA Completion Program:

Because the BA completion program launched in 2013, no time to degree data is available for this program.

Of the 20 students who entered, 17 (85%) remain enrolled.

² The Ph.D. in Clinical Psychology stopped admitting new students after 2009 with the launch of the PSYD

³ The 2010 Ph.D. in Transpersonal Psychology was a 5 year curriculum. This was changed in 2011 to a three year curriculum that requires a Master's degree for entry.

⁴ This average includes both students admitted to the five year program and students admitted with advanced standing.
